

# AMIN EBRAHIM ZRAR

Information Technology (IT)-Fresher Graduate

## About Me

I'm 20 year old and Fresher Graduate(2024-2025) and I am an ambitious and self-motivated aspiring software engineer with a growing expertise in web development. I have hands-on experience with HTML, CSS, JavaScript, PHP, and C#, along with a foundational understanding of SQL and database systems such as Microsoft Access.

I'm passionate about learning, self-improvement, and turning ideas into real-world solutions. My recent project involved designing a smart wheelchair system controlled via voice and a concept called "Smart Wheelchair," developed for Shaqlawa Technical College.

I am determined to become a well-rounded developer who can deliver modern, functional, and impactful digital solutions.

## Experience

### Children's Playground 2019 - 2022

From 2019 to 2023 I worked in a children's playground where I was able to experience responsibility, respectful etiquette and communication skills, as well as learning some Arabic.

### Retail Store 2024 - 2025 (4 Months)

From 2024 to 2025, I worked at a retail store where I gained valuable experience in sales, customer service, and effective communication.

### 2025 (2 Months)

This year I worked as a volunteer in Shaqlawa Education for two months where my job was to convert files from physical to electronic, and the experience I gained is working together and learning the structure of the departments
